Providing first-mile and last-mile service for transit users to connect underserved communities to jobs

The typical job is accessible to only about 27 percent of its metropolitan workforce by transit in 90 minutes or less.

Coordinating data collection and analysis across systems and sectors

28 percent of all of the transit agencies in the United States have open data systems that freely provided transit times to the public.

more reliable data.

What can we do with the SCOS?

MVP

- Use Google maps API
- Pull in Greenway Trails
- Pull in COTA Lines
- Map route that gives Greenway Trails preference and displays options to use with COTA Lines.

Moonshot

- Pivot from Travel app to Health & Fitness app
 - Walk, Run, Bike tracking augmented by public transit or peer to peer ride sharing
 - Can track exercise portion of trip
 - Partner with gyms/YMCA to be shower station at final destinations.
 - Freemium model
